KURAGE CUSHIONS - ENJOY THE COMFORT OF QUALITY

Our cushions are small invitations to be present in a moment. To support you in whatever position you may find yourself. And when crafting with quality and care, like we do at KURAGE, you get great comfort with a clear consciousness, which we believe design is all about.

STYLISH SUPPORT

Sometimes, a little can do a lot. Adding a little back support for your seat, proper comfort when you rest your head after a long day or just providing your decor with that little extra softness - we've got you covered. We've even got you three different sizes, two different quality materials and over 20 different colours and styles. That way, you can mix, match and change it up depending on your personal style, mood and existing furniture.

MATERIALS

QUALITY INSIDE OUT

What we put into our homes matters. And you can rest assured that our cushions are designed with as much care for properly sourced fabrics, as for their appearance and design. That's why you can only choose between our two recycled materials (Dotty Recycled Wool and Blue Collection Recycled Jeans). And it is why we haven't compromised on the inners either, which consist of a 100% cotton cover and 100% recycled feathers and down.

COVER

DOTTY RECYCLED WOOL

A blend of 75% Wool, 20% Polyamide, and 5% Other fibers, with 50% of the wool being mainly post-consumer. This option is available in 18 vibrant colours, allowing for personalisation and style flexibility.

Invisible Seam Finish: Dotty is sewn with our Invisible Seam Finish which presents a seamless and sleek appearance. With stitches meticulously hidden, this finish accentuates the pillow's fabric and form, providing a clean, contemporary look.

BLUE COLLECTION RECYCLED JEANS

Crafted from up to 72% post-consumer recycled cotton and a small amount of hemp in our striped styles (up to 11%), these textiles combine sustainability with casual elegance. Available in Skinny, Bootcut, Flared, and Baggy styles, each offers a unique take on classic denim hues, perfect for adding a chic, versatile touch to any space.

Piping Finish: Blue collection elevates your decor with the refined elegance of our Piping Finish. This option features a textile "pipe" that gracefully outlines the edges of the pillows, offering a pronounced silhouette and a touch of classic sophistication.

INNER PILLOW & FILL DETAILS

Our cushions are enveloped in a down-proof 100% cotton cover, crafted entirely without chemicals. Inside, the filling consists of duck feathers and down, typically no longer than 6 cm, with the down content ranging from 5% to 15%.

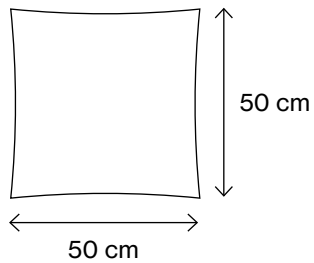

All our feathers are sourced from Europe, complying with the EU's stringent animal welfare standards, ensuring no feathers, or down are collected from live-plucked birds. We exclusively use recycled feathers or those from industry-slaughtered birds.

Moreover, our pillows are Oeko-Tex certified and meet the British 1988 safety regulations, adhering to BS5852 Ignition Source 2 standards.

MAINTENANCE

The cover is removable for easy cleaning. It can be dry cleaned or gently wiped with a damp cloth.

COMFY SQUARE CUSHION

SIZE

H: 50 cm x W: 50 cm

WEIGHT

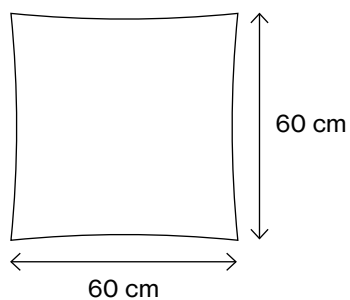

680g

CUSTOMISATION

Choose your favourite colour from 18 vibrant shades in the Dotty Collection or go all-in with our recycled Jeans Collection.
